Hello Kimani,

I'm good. Hope the same for you and yours. Once again, I send my deepest condolences, love and prayers your way.

I spoke to Mr. Emanuel and informed him on how to report things through MYLA311, I will schedule this location for immediate removal of bio-hazards and have the area sanitized. I will also add this location for a spot cleaning next week.

Take Care

Much Appreciated,

**Renée

Subject: Human Waste and Drug Activity on Farmdale & Jefferson

Message Body:

Hi Coucilmember Team,

I need your help. I'm a homeowner at 3046 Farmdale Ave and have several safety concerns on my street. There is a group of homeless people that are using our street and alleys as their toilet and in addition have constant traffic from cars that pull up and they do some sort of exchange which I assume is for illegal drugs.

As you know Farmdale Ave on Jefferson is just a block away from the Metro stop and local residents who use these street for their commute to public transit not only feel unsafe but are exposed to the hazard of human waste. The home near this corner are force to keep their windows and doors closed due to the smell of urine and human feces. While school is not in session right now this street is also use by many students who walk to Dorsey High School.

I understand that homelessness is big issue for our city but this group of individuals are are making this area unsafe.

Can you please help us make our street drug and bio-hazard free?

Thank you,
Emanuel
